@FARRANDSBAR

A boutique wine and cocktail bar
in the heart of Leeds — intimate,
characterful, and *entirely yours*.

FARRANDS.

A different kind of *private event*.

Farrands is a hand-picked collection of wines and cocktails, a space with atmosphere, and a team that genuinely cares about what happens in it. When you hire Farrands for your company, you're not filling a space — you're giving your guests an experience worth remembering.

We work with businesses across Leeds to create private events that feel effortless to organise and exceptional to attend — from intimate wine tastings for leadership teams to full venue hire for 70 guests bringing their own caterer and band.

Every experience in this brochure is a starting point. Tell us what you have in mind and we'll build something around that.

An Evening of *Wine Discovery.*

The Experience

Our guided wine tasting experience is designed for groups who want more than just a drink. Under the guidance of our expert host, your group works through a selection of wines chosen to tell a story – whether that’s an exploration of a single region, a comparison of Old World and New, or a journey through grape varieties your guests may never have tried before.

The format is unhurried and unpretentious. There are no wrong answers and no need for prior knowledge – just curiosity, good company, and wine worth talking about.

“The wines rotate seasonally - we’ll build the selection around what’s best at the time of your event.”
